Dingshuai Yang

M.Sc. Mechatronics Student · Control Engineering & Computer Science
Erlangen, Germany | dingshuai.yang@outlook.com | dingshuai.yang@fau.de
dingshuaiyang1999.github.io | linkedin.com/in/dingshuai-y-69b8a6405

Hands-on lab experience in system modelling, controller design and hardware validation; seeking an internship or working-student role in control engineering or robotics.

EDUCATION

04/2025 – 03/2028 (expected)

M.Sc. Mechatronics · *Friedrich-Alexander-Universität Erlangen-Nürnberg*

- **Current average:** 2.0 (67.5 ECTS) · **Specialisations:** Control Engineering (Regelungstechnik) and Computer Science (Informatik)
- **Relevant courses:** Control Engineering A & B, Robotics I & II, Nonlinear Control Systems, Numerical Optimization, Model Predictive Control, Introduction to Machine Learning, Deep Learning, Pattern Recognition, Cyber-Physical Systems, Rigid Body Dynamics, Production Engineering, Semiconductor Fundamentals

07/2023 – 03/2025

Intensive German Language Studies
Goethe-Institut (Qingdao/Shanghai) and Dr. Juno Sprachschule (Dortmund)

09/2019 – 07/2023

B.Eng. Materials Processing and Controlling Engineering
Guangdong University of Technology, Guangzhou, China

- **Grade:** 2.1 (85+/100)

PROJECTS

04/2026 – 07/2026

Control Engineering Lab I (Regelungstechnik I) · *FAU*

- Modelled, controlled, and experimentally validated real lab systems: a two-tank process, a rotary arm, an active suspension, and an open-loop unstable magnetic levitation system.
- Applied PID tuning, state-space and feedforward control, Bode-plot analysis with gain and phase margins, and anti-windup for actuator saturation.

10/2025 – 01/2026

MATLAB Laboratory · *FAU*

- Modelled a static truss and a dynamic crane, ran ODE simulations, analysed measurement data with FFT, and optimised a truss structure using symbolic and numerical methods.

SKILLS

Programming	Python, MATLAB
Robotics & Simulation	Simulink, ROS/ROS2, OpenCV
ML & AI	PyTorch, LLMs, Prompt Engineering
Tools	Linux, Git/GitHub

LANGUAGES

Chinese	Native
German	C1 (telc Deutsch C1 Hochschule, DSH-2)
English	B2
Japanese	Basic (about JLPT N4)
